PROFESSIONAL DIVING ON A PARADISE ISLAND

Military Resettlement in Thailand

The Samui archipelago boasts more than 50 dive operators on the 3 main islands of Koh Samui, Koh Phangan & Koh Tao. www.divesamui.org are unique in being the only company to target the military resettlement market; thanks in part to the fact that the director served in the British Army for 24 years.

Our dive packages are tailored to each applicant, depending on the time & funding available. A typical student can arrive with no previous experience & leave Thailand several weeks later with the following qualifications/experience:

- Padi Divemaster (60+ dives).
- DAN first aid.
- DAN O2 provider.
- Hyperbaric awareness (inc. a chamber dive).

Students with previous experience may receive the following additional qualifications/experience:

- Padi IDC* (inc exam).
- A week in the Similan island (Andaman coast) on a liveaboard boat with our instructors.
- *Students that undertake Divemaster training before leaving the forces can return upon discharge to complete IDC .*

Students are usually accommodated in our detached bungalows**; we have oxygen in our accommodation & 2x hyperbaric life support technicians live on site so it's arguably the safest place on the island for a trainee diver! We include a years insurance for anyone staying 21 days or longer using our facilities, along with 12 months membership of the Royal British Legion for anyone leaving HM forces (we helped raise £350.00 for their poppy appeal last year).

***A self drive jeep is available throughout (at no extra cost). You'll be collected by minibus on dive days.*

R&R, on leave or on holiday/ vacation?

Koh Samui has great deal to offer to visitors looking for adventure, the list is endless but here are some examples:

Adventure activities.

1. **Golf course:** Samui has a professional golf course in a Jungle setting at the base of a mountain near Maenam.
2. **Frisbee Golf:** That's right, a 'golf' course in several acres of shaded Jungle parkland throwing Frisbees into large basketball-style nets!
3. **Paintball:** There's a paintball course too.
4. **Quad biking:** There are several companies offering quadbike rides in the mountainous interior of the island.
5. **Canopy treks:** Several hundred meters of cable in the canopy of the jungle enables groups to 'tight-rope' their way around the treetops.
6. **Jeep Safari:** Explore the interior of this mountainous island on a guided safari, stopping at various locations along the way.
7. **Explore:** Make your own way around the islands beaches, waterfalls & marketplaces.
8. **Elephant trekking;** Spend half a day trekking through the jungle & have lunch at one of the islands many waterfalls.
9. **Horse riding:** Samui has a stables to the south of the island.
10. **Go-karting:** The island has 2 racetracks.
11. **Bowling:** Chaweng has a 10 pin bowling alley.
12. **Bungee jump:** A 200ft crane/basket bungee jump is located near Chaweng.
13. **Watersports:** Snorkelling, jetskiing, waterskiing, windsurfing can be found all around the island.
14. Air conditioned cinema.
